

Our family is neither large nor small. I have mother, father and brother. We all live together in a three-room flat in one of the quietest areas of the city of Vladivostok.

Let's start with me. I'm 18 years old. I'm student of the Faculty of Physics of Moscow State University. My hobby is playing piano and guitar. Besides, I'm engaged in sports tourism.

My father is 38 years old. He is a strong and well-built man with short black hair and green eyes. He works as a police officer. He likes his work and spends most of his time there. By character my father is an active and sociable man, while my mother is more calm and house-proud.

My mother is an X-Ray analyst in a private clinic. She always has a lot of work to do about the house and at clinic. She is a busy woman and we all help her.

My brother's name is Anton. Like my grandma he has blue eyes and fair hair. He is a very restless boy. Anton is twelve years younger than me. He is going to school this year. He does well at preparatory School and gets only good and excellent marks.

My grandparents live in a panel house not far from us (it takes 30 minutes by bus or 20 minutes by car). They are former sailors. My grandmother worked as a cook on a whaling base and grandfather served on a submarine. Now they are pensioners. But granny continues to coddle us with culinary delights.

Our family is very united. We like to spend time together. In the evenings we watch TV, read books and newspapers, listen to music or just talk about the events of the day. Our parents don't always agree with what we say, but they listen to our opinion. Our family has friendly atmosphere.

All of us like to spend our weekends in the islands of the archipelago of the Empress Eugenie, which situated in the waters of Vladivostok. We often go there in the summer and autumn on our boat. As for winter we usually go to ski center "Comet". Here we can take a ride on tubing, skiing, snowboarding, and sit in a cozy cafe.

All in all, I want to say that my family is the group of people to whom I can always go on any subject.
